What is the 'Spooktacular' Jack-O-Lantern Derby? Tons of fun as Pumpkin Racers are released down the Remin Kart-a-Bag race track for head-to-head competition to cross the finish line first! Each Pumpkin Racer is built with a real pumpkin, 4 wheels (provided as part of the Race Kit), and some clever ingenuity to provide a memorable shell design. The Jack-O-Lantern Derby is a hilarious event, showcasing the originality of the pumpkin racers. Join the fun and bring your best Pumpkin Racing Team. There will be food and beverages available for purchase along with raffles and other surprises for family members of all ages to participate.

Everyone is welcome to come cheer on these brave Jack-O-Lanterns for a great cause.

What is a Jack-O-Lantern Racer? Pumpkin racers come in many sizes, shapes, and designs. The Official Rule for racers is simple: Jack-O-Lanterns must be made from a REAL pumpkin, with two independent axles and wheels attached. There is no telling which Jack-O-Lantern will win in the end.

Are there Prizes? Certainly! A trophy will be awarded to the overall winner of the race as well as awards for the Best Branding and Most Original Design.

We can help you build it! The Wish Pit Crew will be available to help with last minute tune-ups and alignments before your Jack-O-Lantern heads to the track. Full pumpkin assembly can be reserved on race day for a fee.

Rule #1 Craft your Pumpkin Racer using a single REAL pumpkin.

Rule #2 Insert two independent axles through your pumpkin and attach wheels to the axles.

Rule #3 Pumpkins may NOT be attached onto a pre-fabricated chassis of any kind.

Rule #4 NO PYROTECHNICS or ACCELERANTS.

Rule #5 NO CHEATING. No pushing your Pumpkin Racer on the starting line. Our keen-eyed Race Officials are prepared for everything – the early release, the last minute shove, the hidden thumb flick, the remote control chassis, etc. Cheaters will be dealt with instantly by our Race Officials and our **SLEDGE HAMMER OF JUSTICE!**

Rule #6 Have Fun!!

Race Tips

- Bigger is not necessarily better! A heavier Pumpkin Racer is not a faster Pumpkin Racer. Don't fill it with concrete . . . the Race Officials know this trick.
- Parallel axles are key to building the best and fastest racer so it will roll straight down the track. If your Racer can't go straight it probably won't cross the finish line. Check to make sure axles are parallel before every race. For best performance, drill axles only 1-2 days in advance of the event.
- Use your creativity and ingenuity to have fun making your Racer! Pick a theme and a fun NAME for your Pumpkin Racer. If you don't win a prize, you can at least say your Racer had style!
